Import client information: Coronavirus measures

Dear Clients,

Due to the current Corona situation it is difficult to assess how the situation in Germany will develop.

The safety of our employees is our highest priority. Accordingly, we follow the development carefully. We are prepared for all conceivable scenarios and, in cooperation with the responsible authorities, will promptly decide on how to proceed.

We will try to keep the infection risk in the company as slow as possible. Therefore, the following measures are applied:

- internal and external visits – like audits – remain reduced
- access to the BioChem building for visitors, such as craftsmen or service technicians, are also remain reduced to the minimum
- business trips to risk areas are cancelled until further notice
- Corona self-tests are available to everyone free of charge
- Vaccinations of employees are recommended
- infection protection measures and conduct recommendations for our employees are implemented in accordance with the recommendations of the Robert Koch Institute.

Currently, there are no Corona infections or suspect cases known in our company. Naturally, it is also our commitment to keep our service at the usual high level despite the corona situation.

We have organized everything to ensure a smooth start to the new trial season. We act in a highly responsible manner in accordance with the instructions from the authorities and in the interests of our employees and the company for our clients.

In case of any questions, please do not hesitate to contact us.

Thank you for your comprehension.

Best regards

BioChem agrarr Labor für biologische und chemische Analytik GmbH

Gernot Renner
CEO
